

K-Love Radio station is extremely important. It provides positive and encouraging music, support, news, and a handle on the outside world. I financially support K-Love and have for several years. Without K-Love, we would be without community announcements, daily Christian news updates & encouragement, loss of Christian fellowship and much more. K-Love provides positive interest for the public and has even helped save lives by being there. Their music helps people of all ages and from all walks of life. We need K-Love!
